Product Name :

BP60

Manufacturer : **Tru-Turf**

Roll : **Tennis and Lawn Bowls Green Roller**

Description

The BP60 is a premier roller designed for exceptional care on tennis courts and bowling greens. It integrates a whisper-quiet electric motor and advanced technology to deliver superior performance with minimal noise, making it ideal for sports facilities, residential areas, or early morning use.

Overview

- **Market Positioning:** Premium roller for professional lawn tennis and bowling greens maintenance.
- **Design Philosophy:** Combines Tru-Turf's innovative legacy with cutting-edge technology for unmatched sports surface care.
- **Functionality:** Delivers quiet, efficient, and precise rolling, ensuring perfectly smooth tennis and bowling surfaces.

Engineering Details

- **Operational Efficiency:** Features smooth and controlled starts and stops with responsive steering for precise handling.
- **Safety Features:** Incorporates regenerative braking for enhanced safety and control.
- **Environmental Considerations:** Electric operation significantly reduces carbon emissions compared to traditional fuel-powered units.

Key Features

- **Whisper-Quiet Electric Motor:** Ideal for noise-sensitive environments like residential tennis courts or bowling clubs.
- **Advanced AC Electric Components and Worm Drive Gearbox:** Durable and maintenance-free.
- **Maintenance-Free Operation:** No chains or belts, reducing downtime.
- **Built-In Transport Trailer:** Easy transport with the roller attached during use.
- **Triple Offset Smoothing Head:** Patented technology ensuring a smooth, uniform surface across tennis courts and bowling greens.
- **Large Balanced Steel Drive Roller:** Gentle on turf, maintaining surface quality.
- **Comfort and Safety:** Padded UV-rated seat with armrests and safe, intuitive controls.

Exclusive Advantages

- **Legacy of Excellence:** Builds on the legacy of innovation and excellence in turf rolling technology.
- **Quiet Operation:** Ideally suited for facilities in residential or noise-sensitive areas.
- **Reliable After Sales Service:** Supported by a 24-month warranty and comprehensive after-sales service, ensuring operator satisfaction.
- **Operational Versatility:** Capable of maintaining up to 8 full-size greens on a single charge, showcasing its extensive capabilities.
