Product Name : **TR66**

Manufacturer : **Tru-Turf**

Roller Type : **Triplex Head Roller**

Description

The TR66 is a highly versatile triplex head roller that easily attaches to a triplex greens mower, transforming it into a multi-functional unit capable of rolling, slicing, or sweeping/brushing in a single pass. This integration enhances soil condition and turf health effortlessly.

Overview

- **Market Positioning:** Advanced solution for sports and fairway maintenance.
- **Design Philosophy:** Designed for versatility and efficiency, the TR66 enhances the functionality of standard triplex greens mowers by adding rolling and slicing capabilities.
- **Functionality:** Allows for perimeter rolling or following typical mowing patterns, with adjustable slicing blades for depth control.

Engineering Details

- **Operational Efficiency:** Reduces the need for multiple passes, saving time and effort while delivering superior turf care.
- **Safety Features:** Designed with operator safety in mind, ensuring that all attachments are securely in place and easy to operate.
- **Maintenance:** Minimal maintenance required, with easily replaceable parts and robust construction.

Key Features

- **Triple Offset Roller Technology:** Ensures even and consistent rolling without turf damage.
- **Adjustable Slicing Blades:** Blades adjust from no contact to half depth (20mm) or full depth (30mm), catering to different turf needs.
- **Easy Attachment:** Compatible with John Deere 2500, Jacobsen 4, 5, 6 series, and Toro 3000-3250 series mowers, enhancing their functionality.
- **Broom Attachment:** Includes a wear-adjustable broom for sweeping and cleaning greens.

Exclusive Advantages

- **Versatility:** Transforms a single mower into a comprehensive turf care system, reducing equipment needs and storage space.
- **Improved Turf Health:** Enhances soil aeration and moisture absorption, promoting healthier and more resilient turf.
- **Cost-Effective:** Reduces the need for separate machines for cutting, rolling, and slicing, offering significant cost savings over time.
- **Warranty:** Supported by a 24-month warranty and comprehensive after-sales service, ensuring operator satisfaction.
