

RE50

Golf Greens Roller

WE'RE CHANGING THE GOLFING LANDSCAPE. AGAIN.

Our **whisper quiet** 48v electric motor and LED lights ensure you can prepare your greens while your neighbours sleep, morning or night. Powered by industry leading Lithium-ion batteries.

The RE50 incorporates our **patented self cleaning nodules**. These remove clipping build up during rolling to eliminate dumping and keep the smoothing rollers clean of debris for a smoother more even roll.

Optional quick release attachments include Slicer, Spiker and Brush to increase the productivity of the roller.

Designed in Australia. Manufactured in USA.

Motor	48V AC Electric 2500 W
Battery	Lithium - Standard, Lead Acid- Optional
Transmission	Double reduction helical
Drive Train	Toothed belt
Drive Roller	Rubber coated, flexible, contour following
Direction Control	Fingertip switch
Speed Control	Progressive foot pedal movement.
Operating Speed	0-9 mph (0-15kph)
Steering	Light load joystick
Seat	Premium UV protected, with adjustable armrests
Trailer	Integrated, heavy duty. Quick and easy transition from transport to rolling position.
Drawbar	Ball hitch
Rolling Width (Swath)	50" (1270 mm)
Ground Pressure	3.8 psi (26 kPa)
Smoothing Heads	Dual rolling heads, with overlapping patented offset rollers.
Weight, (no batteries)	765lb (348kg)
Brake - Park	Handbrake. Drum style
Lighting	LED -Standard
Warranty	2 years - Limited manufacturer's warranty

Optional Equipment

Slicer	Quick Release
Spiker	Quick Release
Brush	Quick Release
